OGDEN LANDS GAME WITH OAK PARK

Post Season Game Will be Played on Fair Grounds on Dec. 31.

Ogden, Dec. 15.—On Dec. 31 at the Ogden fair grounds, one of the most important football games ever held in the intermountain west, so far as high school teams is concerned, will be played between the Oak Park team of Chicago and the Ogden high school rooters. The Oak Park delegation claims the championship of the United States and the Ogden boys of the United States and the Ogden boys are justly entitled to the first place in the intermountain territory. The game is bound to be speedy and will undoubtedly be closely contested on both sides. The result will place the winner in the front rank and should the honor full to the local boys, the O. H. S. will be known from New York to San Francisco. Coach George Brown is keeping his boys well in hand and good systematic training is surely the best way in the world to make the desired showing.

The schedule for the state league, he thinks, will begin here on Jan. 20. injurious to mind and not to the body is the conclusion drawn by Dr. George H. Meylan, director of the Columbia university gymnasium as the result of some extensive investigations just made public. The tests show that in general at college smokers make better athletes, while non-smokers stand higher in classes. Dr. Meylan took as the subjects for his tests 23 Columbia students, 110 of whom smoked habitually. He kept a record of their physical condition at the beginning and at the end of the two years and also ascertained what progresss they had made in their studes.

The results of the experiments showed that 35 smokers gained an average of 8 pounds in weight and 1.2 centimeters in height as against 6 pounds and 1.1 centimeters for those who did not smoke. The non-smokers gained 20 per cent in lung capacity as against 8 per cent for the smokers, but the smokers surpassed them in total strength by having an increase of 193 units to 191.

But in scholarship the non-smokers forged to the front and reversed matters. At entrance, the smokers averaged 83 in their studies as against 91 for their competitors. In the two-year period the smokers averaged 62 per cent with 7 per cent of failures as against 69 per cent with only 4 per cent of failures for those who did not smoke. sity gymnasium as the result of some

JUNIORS AND SENIORS WIN SECOND SERIES

The second set of games of the girls interclass baseketball series was played at the high school gymnasium yester day afternoon. The juniors won their second game by defeating the freshmen by a score of 18 to 1. The second game proved more exciting as the teams were more evenly matched. The second game was won by the seniors. They defeated the sophomores by a score of 8 to 6.

By winning this last game, the juniors have placed themselves in the lead and by all indications they will stay there. In the past games the juniors have shown Themselves superior to the other teams. The junior girls won the class basketball championship last year under the colors of the sophomores.

The spirit in basketball is keen this year as was shown by the attendance in the last two games. Yesterday afternoon the gymnasium was crowded and all available room was taken up on the running track. day afternoon. The juniors won their

GREAT FALLS WILL GIVE BASEBALL LEAGUE SUPPORT

Great Falls, Dec. 14.—George M. Reed, who has purchased the Great Kalls franchise in the Union league recently organized, told something of his plans in an interview at the New Park hotel last night. He is very optimistic over the outlook for league ball in Great Falls next year.

"Dozens of people have told me that I have the best town in the state," he said, "and I am very glad that I was so fortunate as to get the Great Falls franchise. The Union league is going to stick. It has capable men at its head and every club in the circuit will be managed by experienced haseball men, many of them having seen service in the big leagues.

"I cannot say exactly how much capital will be required to start the game in Great Falls. It depends somewhat on the condition of the local grounds and the number of players who will leage to be bought. I expect to find it

LUCAS SAYS HIS LEAGUE

WILL BE BIG SUCCESS

Spokane, Dec. 14.—W. H. Lucas, president of the Union association, recently organized in Butte with six teams, and former president of the Northwestern league, was at the st. Nicholas hotely exterday and will probably be here during the week.

The significance of Lucas's presence in the city to organized baseball in the northwest was not explained by him. "We have a fine little league well under way," sand he last night. "Butte and Great Falls in Montana, Boise and Twin Falls in Idaho, and Salt Lake and Ogden in Utah give an air of compactness about it that presages an easy schedule. Salt Lake and Butte haven't had baseball for many years and are ripe for the game.

"In Butte they are delighted that they have back with them John McCloskey, who gave them their two champion teams of 1902 and 1903, and Butte is sure to do well. We have good baseball men in every town, and we're going to have a fine big league in another year or two."

The league appointed a committee, consisting of President Ban Johnson, President Charles Comiskey of Chicago, and Fr. sident Frank J. Farrell of New York, to consider the offer and report today. It was commonly understood that the sale would be approved and that the St. Louis Americans would change hands. The identity of the persons making the offer was not made public, but a was intimated that the sum involved would amount well into six right, and that John E. Bruce, a minority stockholder, would increase his holdings.

The Boston National league club also is in process of sale. Wilham Hepburn Russell and James P. Phalen were to have paid today \$130,000 for the majority interest held by John P. Harris, but were able to show only \$00,000 in cash. They had an option which Harris said he was willing to extend indefinitely. The matter stands in that position now, with only this much definite, that Fred Tenny will be manager next season, no matter who is owner.

COLUMBIA WILL BUILD MILLION DOLAR STADIUM

New York, Dec. 15.—Columbia university hopes to begin work shortly on a \$1,600,600 athletic stadium. About 10 percent of the funds required are already in hand. The plans call for the filling in of the Hudson river for four blocks as far out as the bulkhead line to provide a site for the structure. This filling is the most expensive part of the project although most of the material for the purpose will be taken from the new subways.

Once in a while one hears of a German family which does not look with pride on the scars won by its sons. One day, a year or so ago, a woman telephoned the Berlin police that her boy had planned to fight a students' duel that morning. The police commissary called one of his subordinates, a young man who bore on his face, as the result of an accident, what looked like a scar received in a duel. This young man, wearing a student's cap, readily gained admission to the duellists' headquarters.

St. Louis, Dec. 15.—Plans for the organization of a league of bowling clubs were announced here yesterday. Martin Curran and W. H. Verity, prominent in howling circles, are back of the project. The proposed league is to include the clubs of the clies of St. Louis, Chicago, Chicinnati, Louisville, Indianapolis, Cleveland, Detroit and Toledo. The organization is to be modeled after the baseball leagues, according to the promoters with schedules, including five-men teams, doubles and singles. A meeting will be held here during the American bowling congress tournament in January to perfect the organization.

Saturday night proved to be no exception to the rule.

Joe Fogler, who finished third in the race, delivered himself of the following this morning: "There was a three-man combination consisting of Heint, Clarke and myself. Just before the finish, Champlon Frank Kramer impressed upon us that it would be unfair to declare the Morni-Root team out, so Eddle Root was coupled on to the train.' We drew numbers, Clarke had No. 1. Hehir, No. 2; 1, No. 3, and Root, No. 4."

Eddle Root denies this statement, but maintains that he was "handed" No. 4 so he took a try for himself,
Every one of the men has a different story but the fact remains that from beginning to end, the race "smelled badly," but to think that Frank Kramer, who has always borne a spotless reputation, should be connected with the scheme is the strangest thing imaginable among the six-day fans.
Regardless of what did take place, six-day rising and bicycle racing in general has received a black eye that will leave its effects for many a day. "Get the money" was the slogan among the big fellows and they lived up to that to a "T." The fruits, of such a stained victory are now reaped by Root and Moran who open on Monday with the "Merry-Whirl" Burlesque company at Newark in a home-trainer and.

THE PURE FOOD LAW.

"I should certainly have decreed for the plaintiff, but, on referring to the citations quoted by plaintiff's counsel, I find that they none of them bear even remotely on the case before us, and I incline to think that a gross, insult has been perpetrated on this court. Counsel, with idiotic levity, has referred me to the action of a Frenchman who sued a zoological society for having been bitten by a bear. The second reference is to a case of slander. Next I am directed to an infanticide, a forged will, and a safe robbing. What have these things to do with an action to recover a promissory note? But perhaps the most shameless insult to this court lies in counsel's final reference to the notorious Lippman versus Henshaw case—the silliest and most ribaid breach-of-promise suit in all the annals of western jurisprudence.
